The **Protective Measures Awareness** course introduces how to identify and mitigate facility security gaps. This course provides foundational knowledge about risk management and the three rings of security: physical, procedural/technical, and intelligence protective measures.

Course Format and Audience

This 60-minute Virtual Instructor-led Training (VILT)* is delivered by a live instructor to cover the following topics:

- Overview of risks
- DHS risk management process
- Physical, procedural and intelligence protective measures

  * May be delivered in-person in some circumstances

This course is designed for small groups of up to 50 participants and is intended for audiences such as:

- Critical infrastructure owners and operators
- Public safety officers
- Emergency managers
- Security officers
- Law enforcement officials
- Private sector security professionals

Accreditation

The Cybersecurity and Infrastructure Security Agency's (CISA) Office for Bombing Prevention (OBP) is accredited by the International Accreditors for Continuing Education and Training (IACET) to award Continuing Education Units (CEUs) for this course:

- International Accreditors for Continuing Education and Training (IACET) – .1 CEU
- Police Officer Standards and Training (POST), if approved by the student's state, may award 1 CEU
