# NIPP Update Purpose and Challenge

## **Purpose:**

Guide the collective effort to strengthen the security and resilience of the Nation's critical infrastructure.

## **Challenge:**

Developing the Plan in collaborative manner, recognizing the evolving risk landscape and complex decision-making environment of diffuse authorities and responsibilities

# Guiding Principles

**Through partnerships, infrastructure is made more secure and resilient**

**Build on the successful work to date and leverage existing knowledge and structures wherever possible**

**Describe the conditions that necessitate an updated approach to critical infrastructure security and resilience**

**Lay out the broad principles and policies that underpin this approach in the public and private sectors**

**Describe the national program that will implement these principles and policies to achieve shared outcomes**

# Draft NIPP Update

## Revised Document Structure

- Executive Summary
- Introduction
- Background (Risk, Policy, and Operating Environments)
- Purpose and Scope (Vision, Mission, Goals)
- Collaborating to Manage Risk
- Taking Action: Specific Steps to Advance National Efforts
- Appendices: Partnership; Roles and Responsibilities; Glossary of Terms
- Supplemental Tools: Critical Infrastructure Risk Management Framework; Connecting to the NICC and NCCIC; DHS Resources for Vulnerability Assessments; Incorporating Security and Resilience into Critical Infrastructure Projects

# Changes from 2009 NIPP to 2013 Plan

## Structural

- Moved details of Roles and Responsibilities to Appendix
- Weaved information sharing throughout the plan, but did not include a separate section
- Retained the partnership structure approach
- Addressed cybersecurity and international issues throughout, but did not include separate sections

## Content

- Evolved the Risk Management Framework and chevrons
- Demonstrated alignment to the National Preparedness System
- Continued focus on CIPAC as key decision-informing tool
- Included a new focus on actions to guide collective efforts for the near future

# Scope of Changes from 12 August Draft

## The Overall National Plan Should:

- State a clear purpose and associated goals
- Apply to State, local, and regional partners, as well as small and medium-sized owner/operators
- Reiterate the importance of risk management
- Describe clear and realistic actions to achieve the mission
- Demonstrate linkages to National Preparedness System
- Better describe what CIPAC is and is not
- Provide more specifics on how progress in information sharing will be achieved
