REGION 8

DEFEND TODAY,
SECURE TOMORROW

The mission of the Cybersecurity and Infrastructure Security Agency (CISA) is to lead the national effort to understand and manage cyber and physical risks to our critical infrastructure.

Because roughly 85% of American infrastructure is privately owned, CISA acts as a central coordinator of analysis, planning, and response working with partners to defend against today's threats and collaborating to build more secure and resilient infrastructure for the future.

CRITICAL INFRASTRUCTURE

There are 16 critical infrastructure sectors whose assets, systems, and networks, whether physical or virtual, are considered vital to the United States:

- Chemical
- Commercial Facilities
- Communications
- Critical Manufacturing
- Dams
- Defense Industrial Base
- Emergency Communications
- Energy
- Financial Services
- Food & Agriculture
- Government Facilities
- Healthcare & Public Health
- Information Technology
- Nuclear Reactors, Materials, and Waste
- Transportation Services
- Water and Wastewater Systems

REGION 8 PARTNERS

CISA's 10 regions lead and support public and private sector partners in developing and maintaining secure and resilient infrastructure. In Region 8, staff build partnerships with communities and organizations in Colorado, Montana, North and South Dakota, Utah, Wyoming and 28 Tribal Nations.

Together with our partners we:

- **Support** preparation, response, and recovery

R8 AT-A-GLANCE

Serving: Colorado, Montana, North Dakota, South Dakota, Utah, Wyoming, and 28 Tribal Nations

Regional Office: Lakewood, Colo.

Coverage Area: 573,259 square miles

Estimated Population: 11,435,332

Key Facts:

- Lead nation in coal production
- Significant products: natural gas, crude oil, and barley

Primary Industries:

- Food & Agriculture
- Energy
- Mining
- Recreation and Tourism

CISA Priority Areas:

- Elections security
- Supply chain protection
- Soft target security
- Incident support and lifeline infrastructure
- Chemical facility protection

- Email: CISARegion8@hq.dhs.gov

- efforts for hazards impacting critical infrastructure
- **Guide** owners of soft targets and crowded places facilities in improving security and safety protocols
 - **Conduct** and **integrate** infrastructure assessments and analysis, including dependencies and cascading effects, on critical infrastructure to influence decision-making at all phases of emergency management
 - **Facilitate** information sharing between public and private sector critical infrastructure partners
 - **Enhance** election infrastructure security and other critical infrastructure cyber systems
 - **Improve** situational awareness of cybersecurity risks and incidents

REGIONAL SERVICES

Event Support:

R8 staff provide risk assessments, security-focused strategic planning expertise, threat and hazard information, and on-site support for events as requested by state and local partners.

Chemical Security:

Chemical Security Inspectors perform regulatory activities for high-risk chemical facilities under CISA's Chemical Facility Anti-Terrorism Standards (CFATS) program.

Training and Exercises:

R8 staff facilitate or deliver training and exercises on topics that include Election Security, Supply Chain, Soft Target Security, Cybersecurity, Incident Support, Emergency Communications, and Active Shooter Preparedness.

Assessments:

Protective and Cybersecurity Advisors analyze threats, identify vulnerabilities and conduct visits to provide thorough security reviews of critical infrastructure facilities including an overview of available DHS services.

Incident Support and Analysis:

R8 staff provide pre-and-post-incident analysis, assessment, and stakeholder communication to support strong decision-making and improved resilience.

Federal Facility Security:

R8 staff work closely with Federal partners in the region to implement the Interagency Security Committee security standards and best practices for nonmilitary federal facilities.

ADD CISA REGION 8 TO YOUR TEAM

To learn more about CISA services across the Rocky Mountain Region and to request a Protective Security Advisor (PSA), Cybersecurity Advisor (CSA), Emergency Communications Coordinator (ECC) or Chemical Security Inspector (CSI) to meet with your organization, please contact us:
